furnished for amusement. One evening in the week, preferably Friday evening, is not too often for picture shows. Miss Nichols particularly spoke against Saturday night aimless street roaming.

Mr. Coombs spoke of "Discrimination between legitimate and illegitimate amusements." He classified amusements as home, school or church results. He spoke of the old-fashioned home-evenings, and recommended very heartily evening parties given by parents for their children.

Mrs. Arthur Carpenter led the discussion on "Methods of home amusements." Interesting responses were given by Mesdames Ringer, Lynn, Haynes, Bumpass, Roberts and others. Mrs. Carpenter concluded with a beautiful paper, one of great depth of thought, careful study and absorbing interest.

After the program, refreshments were served.

The students' program by the Third grade, Miss Lynn, teacher, was as follows:

Dramatization of Jack and the Bean Stalk.

St. Patrick's Story—Katherine Shinholser.

Motion Song.

Picture Study—Audrey Brown.

Spring Song—Sylvia McClendon.

Poem—Entire grade.

Doan's Kidney Pills have stood the test.

Convincing proof of merit in Ardmore endorsement:

Fourth Ward Mothers.

The Fourth Ward Mothers' club met Friday afternoon at the school building in an interesting business and social session.

Mrs. Daisy Nichols made the opening talk, "Time to be devoted to amusements." Miss Nichols spoke especially of the "know-age, the beau-age, and the go age," and how essential the censorship of their amusements. The morning hour is best for study and the hours from four to six should for school children be given over to amusements. The speaker said: "Places should be

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." —Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

GIVE TAX BOARD MORE POWER

Two Bills Are Now Pending Before State Legislature.

Oklahoma City, Okla., March 14.—As a result of the decision of the supreme court in the taxing case of the Prairie Oil & Gas Company, which was given Tuesday, granting a writ of prohibition in favor of that company against the state board of equalization, two bills have been introduced in the legislature, which, if enacted, would make it possible for the board to do what it attempted to do in that case.

The bills enlarge the scope of the board of equalization and give it jurisdiction to do just such things as the court in its opinion, decided, it can not do under existing law. It is understood that under the powers conferred by these acts, if they shall become laws, the board may be able to replace the \$10,500,000 which the court declared was wrongly placed upon the tax rolls against the Prairie Oil & Gas company.

NOT THE WHIPPING POST, BUT DRESSING BY MOTHER

Muskogee, Okla., March 14.—The day of the whipping post which was in vogue in England in the days of Oliver Cromwell, was revived in Muskogee Thursday when Justice W. G. Miller sentenced Glen Trimble, a seventeen-year-old negro boy, to be lashed across the back by his aged mother. The whipping was set to take place at Mrs. Trimble's home in the north part of the city, in the presence of officers.

Young Trimble had been cursing and abusing his mother, it is charged and would not work, compelling the old woman to support him. He was arrested on complaint of his mother, who testified Thursday that the boy was too large for her to whip, and he abused, cursed and beat her. The boy did not deny it, but said he had become angry because he had a row with his sister and she had thrown a hatchet at him.

"Suppose I have your mother dress you down and give you a good whipping."

ping. Will you consent to that, or would you rather go to jail?" asked Justice Miller.

"It'll be all right with me," said the boy, "only I want to leave town after it is over."

"How will that suit you?" asked Miller of the old woman.

"I sure would like to whip that boy," said his mother, and her eyes sparkled in anticipation. "But judge, you'll have to send an officer, 'cause I can't do it by myself."

"All right; that will be the order of the court. The boy will be taken to jail and at two o'clock this afternoon an officer will take him to the home of his mother, where he will be properly dressed down, and the mother permitted to whip him across his bare back until she thinks he has been punished enough."

And the order of the court was carried out.

HEAVY NAVAL GUARD TO ENFORCE NEUTRALITY LAWS

Washington, March 14.—Secretary Daniels late Friday announced that the armored cruiser Brooklyn, receiving ship at Boston navy yard, had been ordered to patrol the harbor, there to guard against violations of neutrality. The German auxiliary cruiser Kron Prinzessin Cecilie is interned at Boston.

Although officials here continue to deny that any evidence has been discovered to bear out stories of a plot to turn German steamers laid up at American ports into warships and rush them out to sea, developments of the past three days have demonstrated the government's determination to take extraordinary precautions against any violation of neutrality.

Four warships and a coast guard cutter now have been detailed for patrol duty in Boston and New York harbors. Wednesday the naval yacht Dolphin was ordered from Washington to New York, and Thursday the destroyers McDougal and Drayton from Guantanamo, Cuba, and the cutter Mohawk from her cruising grounds off Sandy Hook were ordered to join her.

Assistant Secretary Peters of the treasury department was an early white house caller Friday and had a long talk with President Wilson. He is in direct charge of customs matters and the preservation of neutrality by foreign ships in American ports is under his control.

In the harbors of Boston and New York are some of the finest vessels of the merchant fleet that kept the German flag flying in the north Atlantic lanes before the warships of the allies made ocean travel unsafe for enemy ships. Dudley Field Malone, collector of the port of New York, talked with President Wilson Thursday but did not see Mr. Peters.

Whether additional ships will be sent either to New York or Boston was not disclosed Friday night. There are few available coast guard cutters but probably one could be spared for Boston if deemed necessary. It is believed, however, that navy ships will be used where possible and that the Mohawk probably will be released when the two destroyers come up from Cuba.

Shortly after the outbreak of the war Collector Malone formed a neutrality squadron of customs officers which has kept close watch on all interned ships as well as those out-
